1. Preamble:

Maharashtra State Power Generation Company Limited (Mahagenco) is one of the largest state-owned power generation utilities in India, with a total installed capacity of 13,220 MW as of December 2024. Mahagenco operates a diverse portfolio of power plants, including Thermal, Gas, Hydro, and Solar, contributing significantly to the state's energy requirements.

Mahagenco is committed to environmental conservation and aims to trade carbon credits on revenue-sharing basis through international and national carbon trading platforms.

This Expression of Interest (EOI) invites proposals from experienced consultancy agencies for availing carbon credits and trading them on revenue-sharing basis.

2. Initiative of Mahagenco:

Mahagenco has undertaken a carbon footprint study at its various thermal power stations and is actively implementing mitigation measures to reduce carbon emissions. In line with environmental sustainability goals, Mahagenco seeks to engage an expert agency to:

- Register eligible projects under carbon credit mechanisms.
- Trade the accrued carbon credits efficiently.
- Generate revenue through carbon credit trading.

3. Project Scope and Carbon Credit Assessment:

Mahagenco is having total installed capacity of 13,220 MW till December 2024 including Thermal, Gas, Hydro & Solar.

The break-up of Solar and Hydro power plants is as below:-
